Years 10–12

I love Brisbane Boys' College and I am so glad my parents made the decision to send me to this school. BBC provides the perfect studying conditions and wonderful opportunities to participate in beneficial co-curricular activities such as the biology symposium run with local universities. BBC also provides alternative options to study tertiary subjects while at school. These opportunities will not only be helpful in my future studies as I hope to study medicine, but provide excellent work experience.

As an international student, I thought it would be pretty tough to start a new life in a foreign country; however, after attending this school, all I feel is the strong sense of brotherhood and mateship in the 'green, white, black' army. BBC is like a second home to me and my heart will always be with the College.

Yuxin has been accepted into a Doctorate of Medicine at the University of Queensland.

10–12年级（当前正就读12年级）

我热爱Brisbane Boys' College（简称BBC），我很高兴父母决定把我送到这所学校。BBC提供理想的教学条件和众多参加非常有益的课堂辅助活动的机会，比如说与当地大学联合举办的生物学论坛等。此外，BBC还为学生提供在校提前攻读大学科目的选择。我打算学医，这些机会不仅有助于我未来的学习，还为我提供了非常好的工作经验。

作为一名国际学生，我曾认为在异国他乡开始新的生活可能会很艰难。但来到这所学校后，在身着“绿、白、黑”校服的同学之中，我处处感受到兄弟般的友情。BBC就像是我的第二个家一样，我的心永远和母校在一起。

Hoi Kai (Jeffrey) Lau

Years 10 to 12

I was out of my comfort zone when I first came to Australia to study. It was difficult and everything was completely different, however, I soon found my home away from home and it became an essential part of me. I have enjoyed meeting new people and experiencing all cultural aspects of Australia. Brisbane Boys' College is a great school as it provides so many opportunities.

Throughout my time at BBC I have been involved in sports teams and trainings such as basketball, volleyball and tennis, as well as being a part of the College Symphony Orchestra and Symphonic Band. Brisbane Boys' College has allowed me to shine, show my talents and use them to the fullest. I cannot imagine students not enjoying their life here especially as a boarder.

Hoi Kai (Jeffrey) Lau

10至12年級（當前就讀11年級）

初到澳洲上學時，我感覺很不自在。事事都困難，到處都不一樣，但我很快就找到了我在異國他鄉的家，而這個家成了我必不可少的一部分。我喜歡結識新人和體驗澳洲文化的各個方面。Brisbane Boys' College（BBC，布里斯本男子學校）是一所非常不錯的學校，可以為學生提供很多機會。

我在BBC求學期間，參加了多個體育運動項目和多種訓練，例如籃球、排球和網球，並成為了學校管弦樂團和交響樂隊的成員。Brisbane Boys' College為我提供了大放光彩的機會，讓我展示自己的才華，並充分發掘自己的天賦。我無法想像學生會不享受這裡的生活，特別是學校寄宿生。

I would not be enjoying my life in Australia as much as I do right now if I did not attend Brisbane Boys' College. When I first came to this school, my English was poor but the support I received from teachers in and out of the classroom helped me settle in quickly.

The students at Brisbane Boys' College are so tolerant and generous and they helped me to finish my homework and understand the lessons just as the teachers did.

Brisbane Boys' College offers many co-curricular activities for academics and sports. I'm in the art club and in the cross-country, rugby and track and field teams. The many opportunities on offer here will widen my future options for choosing a particular job and university. I'm so thankful that I could attend this amazing school.

Taiki Kotaki

Years 10 to 12

There are a lot of things that I enjoy at BBC. I enjoy the teaching technique and the academic program is amazing. I participate in accelerated mathematics which allow me to attend maths classes with a higher grade. In Year 12 this will allow me to enrol in university subjects while completing my Year 12 studies at BBC.

At first I was worried about coming to a new school and making friends but the students at BBC are very kind and gentle and I really enjoy my school life here.

I enjoy participating in sports at BBC and being part of one of the strongest school tennis programs in Australia.

I appreciate all the support that teachers, coaches and staff provide and I am proud to be a BBC student.

Brisbane Boys' Collegeで勉強しなかったら、今ほどオーストラリアでの生活を楽しむことができなかったでしょう。この学校に初めて来た時、私は英語ができませんでした。しかし、教室の内外で先生方からサポートを受けてすぐに慣れることができました。

Brisbane Boys' Collegeの生徒は、とても寛容かつ寛大であり、私が宿題を仕上げたり授業を理解するのを、先生と同じように手伝ってくれました。

Brisbane Boys' Collegeは、学習およびスポーツの課外活動を数多く提供しています。私は美術クラブやクロスカントリー、ラグビー、陸上チームに所属しています。ここで提供される多くの機会は、将来特定の仕事や大学を選ぶ際の選択肢を広げてくれると思います。こんなに素晴らしい学校に行くことができて本当に感謝しています。

Taiki Kotaki

10〜12学年(現在11年生)

BBCではたくさんのことが楽しめます。教え方も楽しく、優れた教育プログラムがあります。私は、優秀な生徒の集まる数学のクラスである、上級数学クラスに参加しています。これによって12学年ではBBCで12学年の課程を履修しながら、大学の科目を受講できるようになります。

当初は、新しい学校に来て友達が作れるかどうか心配でした。しかし、BBCの生徒はとても親切で優しいので、ここでの学校生活を本当に楽しんでいます。

また、BBCではスポーツに参加し、オーストラリアで最強のスクールテニスプログラムに参加して楽しんでいます。

先生、コーチ、職員によるサポートのすべてに感謝しています。BBCの生徒であることを誇りに思います。

Taehwan Kim

Years 5–12

Starting school in an international country may seem like a daunting experience, but students that attend BBC can prove that, with the right support from students, teachers and the school, transitioning into life in a different country can be a thrilling and easy task. BBC provides international students with a vibrant school community, supportive staff members and a welcoming cohort that is guaranteed to allow new students to develop confidence, make new friends and feel relaxed.

> Taehwan was named the 2017 Queensland International Student of the Year.

The school provides a diverse range of co-curricular activities like swimming, chess, football, robotics, volleyball and music, which are some of the programs I participate in and enjoy. I feel that BBC has provided me with a fantastic platform, along with appropriate guidance and motivation, to achieve my future goals. The school has helped me to develop a positive and progressive mindset to apply in any aspect of everyday life.

Taehwan Kim

5 ~ 12학년(현재 10학년)

외국에서 학교생활을 시작하는 것은 꽤 힘든 경험처럼 보일지 모릅니다. 그러나 BBC에 다니는 학생은 재학생과 교사 그리고 학교가 제대로 지원하면 외국 생활에 적응하는 것이 쉽고 즐거운 일임을 보여줄 수 있습니다. BBC는 활기찬 학교 공동체에서 도움이 되는 교직원과 다정한 교우들을 통해 유학생들이 자신감을 갖고 새로운 친구를 사귀며 편안하게 생활할 수 있는 곳입니다.

학교에서 수영, 체스, 축구, 로봇, 배구, 음악 등 다양한 종류의 교내 특별활동을 제공하며, 저도 그 중 몇 가지 프로그램에 참가하여 즐기고 있습니다. 저는 BBC가 적절한 지도와 동기부여와 함께 제 미래의 목표를 이룰 환상적인 발판을 마련해 주었다고 생각합니다. 학교는 제가 일상 생활의 모든 측면에 적용할 수 있는 긍정적이고 진보적인 사고 방식을 기르도록 도와주었습니다.

"PERSONALLY, I BELIEVE IT IS MY PERSISTENT WORK ETHIC AND RELENTLESS HUNGER FOR SUCCESS, DEVELOPED BY MY FAMILY CULTURE, THAT DEFINES MY CHARACTER."

BBC STUDENT RECEIVES ACCOLADES FOR DEDICATION TO LIFE AND STUDIES

Year 10 student, Taehwan Kim has been named Queensland's International School Student of the Year at a recent IET Excellence Awards ceremony at Customs House.

Taehwan, who hails from Korea, was the youngest winner of the evening receiving official recognition from the Queensland Government for his outstanding dedication to life and studies in Australia.

The BBC International Student has attended the College since Year 5 and is a high academic achiever, being awarded Dux of Year 10 at Speech Night.

As a firm advocate for service and providing for the community, Taehwan is an active member of BBC's Amnesty International Club and the Coffee for Cambodia fundraising program, regularly supports the annual Red Shield Appeal and enjoys mentoring younger students at the school.

"Academically, I am always eager to learn, devote myself to my studies and apply my knowledge in real-world activities. I have represented the school in robotics at Regional, State and National levels. I am also a long term member of BBC's premier string ensemble, College Strings.

"Personally, I believe it is my persistent work ethic and relentless hunger for success, developed by my family culture, that defines my character. I strive to maintain a growth mindset of developing a strong personal character whilst dedicating myself to provide mentorship, develop relationships and share experiences with others," Taehwan remarked.

Though he embodies a strong sense of social justice, the all-rounder holds a special interest in sport.

"My main area of interest is in sports, because I believe in developing physical and mental strength and establishing a competitive mindset. I am a keen footballer, swimmer, runner and played volleyball at State and Regional levels," Taehwan said.

Brisbane Boys' College Director of Admissions, Bronwyn Mackay-Payne said Taehwan's nomination was a highly supported choice.

"The nomination of Taehwan was strongly endorsed by College staff, including his Housemaster, Laurence Coleman. Taehwan is a scholar, an athlete, a servant leader and reflects a level of compassion and dedication to humanitarianism that is quite extraordinary for someone of his age," Bronwyn said. This was also strongly supported by the Headmaster, Mr Graeme McDonald who said "Taehwan is a fine young man and a wonderful role model for younger students and peers alike."

The accolades extend beyond those within the College, with Rebecca Hall, Executive Director, International Education and Training Unit of Trade Investment Queensland, expressing her congratulations to Taehwan.

"Your approach to life and learning and how you apply this knowledge is outstanding. From dedicating your time in rural Australian areas to rebuild communities and assist farmers in the school holiday, to telling your story to international students and teachers in China, Korea and Germany, you exude leadership and the skills of a big thinker," Rebecca said.

As well as receiving official recognition, Taehwan will become an ambassador for Study Queensland to help promote Queensland as a leading international student destination.

This recognition follows the recent success of BBC's international education partner, Global Learner which was a finalist in the Premier of Queensland's Export Awards 2017, and the launch of the award winning *I and I Project* in which Brisbane Boys' College and Global Learner will partner. ■

Giới thiệu về nhà trường

Các trường phổ thông không nên chỉ dạy lý thuyết. Hãy kỳ vọng những điều lớn lao. Việc học tập trên cơ sở kiến thức hiện nay là chưa đủ. Phải sáng tạo. Phải phát minh. Phải giải quyết vấn đề. Phải tự tin. Chúng tôi dạy cho các em nam sinh đưa ra những câu hỏi về hiện trạng và giải quyết vấn đề. Đây là một số điều chúng tôi thực hiện hàng ngày tại Brisbane Boys' College, một trường nam sinh thuộc Hiệp hội Các trường Công lập lớn (GPS) của Queensland, giảng dạy các lớp từ Dự bị Tiểu học tới lớp 12 và nội trú cho học sinh quốc tế từ lớp 7 đến lớp 12. Trường chúng tôi có rất nhiều cậu bé ham học hỏi và có năng lực. Những cậu bé sẽ lớn lên và tạo ra sự khác biệt. Chúng tôi hiểu rõ các nam sinh. Chúng tôi biết khai thác năng lực, óc ham hiểu biết và khát vọng cạnh tranh của các em. Chúng tôi gọi đây là "Ngôi trường Mới của Tư duy".

- Triết lý dẫn đường cho chúng tôi - Tất cả vì học sinh
- Tọa lạc chỉ cách trung tâm thành phố 5 km, trường có diện tích 13 héc-ta, với cơ sở vật chất hiện đại
- Thành tích học tập của nhà trường đã được chứng minh một cách vững chắc với những lời mời nhập học từ các trường đại học hàng đầu gửi tới các em học sinh
- Mục tiêu của chúng tôi là tạo ra những chàng trai đầy tự tin và có năng lực để thay đổi thế giới
- Một trong những trường có nhiều hoạt động thể thao, văn hoá và dịch vụ lớn nhất

Chúng tôi được đánh giá cao vì

- Có các nhà lãnh đạo am hiểu về giáo dục nam sinh
- Các lộ trình sớm lên đại học và hướng nghiệp cho từng cá nhân học sinh
- Chương trình Hợp tác giữa nhà khoa học và học sinh, Chương trình Thực tập tại bệnh viện, Chương trình Nâng cao về toán học
